

NOTICE 1/2016

NOVEMBER 2016

**QUALIFIED CERTIFICATE ON CERTIFIED INSPECTOR IN SEDIMENT AND
EROSION CONTROL (CISEC)**

Referring to Notice No. 4/2015, Lead auditors to conduct environmental audits at the earthwork and construction level must have a valid qualification which is Certified Professional in Erosion and Sediment Control (CESSWI) or any certificate recognized by the Director General of Environmental Quality.

Please be informed that the Certified Inspector in Sediment and Erosion Control (CISEC) certificates are recognized by the Director General of Environmental Quality and is equivalent to Certified Erosion, Sediment and Storm Water Inspector (CESSWI) in monitoring, checking and reporting the implementation of Erosion and Sediment Control and Land Disturbing Pollution Prevention and Mitigation Measures (LD-P2M2).
